

PEPA CONFERENCE 2019

SHAPING THE FUTURE FOR EPCS AND DECS

Wednesday 27th February | The Riverside Centre – Derby

INVITATION

Following the success of the 2018 PEPA Conference, and feedback from the delegates that it should become an annual event, we are pleased to invite you to the 2019 PEPA Conference. The outputs from the 2018 Conference helped to shape the BEIS Call for Evidence on the future of EPCs. It also provided a wide variety of suggestions and ideas from delegates on how we can improve the function of our industry and plan for a positive future. The 2019 Conference will build on this, give an update on what has happened since the 2018 Conference and help to set the agenda for PEPA in 2019 and beyond. To inform this work, there will be presentations from both MHCLG and BEIS setting out the latest Government policies and plans for EPCs, including feedback from the Call for Evidence, a briefing on the new MEES regulations, and the future of ECO.

Please see the Agenda below

The conference will once again cover all EPC strands – DEA, NDEA, OCDEA.
